The Farm needed some extra hands this month

The animals at the Farm were the lucky recipients of first-rate vet care from Dr. Jim Alderson and his able students from Cal Poly Pomona. The team spent several days at the Farm giving shots, checking temperatures and many other services.

Jon Haskett and his Eagle Scouts installed protective guard rails over the wire fencing around the corral, a much needed safety measure.

Danny's Farm installed a new fire alarm system with the help of Dave Link, Nelson Jones, and Jim Barger.
Thanks so much, guys!!
